# Automate Giveaways

Click here

A screenshot of a web interface for creating a giveaway link. It features a white box with a dark blue header bar. Inside the box, there is a star icon followed by the text 'Company name'. Below this is a text input field containing the URL 'app.reworks.in/getyourgift'. At the bottom of the box is a dark blue button with the word 'Send' in white.

## Your Giveaway Link

Create link to a branded gifting offer page. You can customize this page with your company's look and feel.

## Send Swags

The recipient selects their gift, then enters their own shipping address, and enters the coupon code to claim swag.

## Get Detailed Reports

ReWorks then handles all the shipping from there! You also have access to redemption data, allowing you to see who has redeemed what.

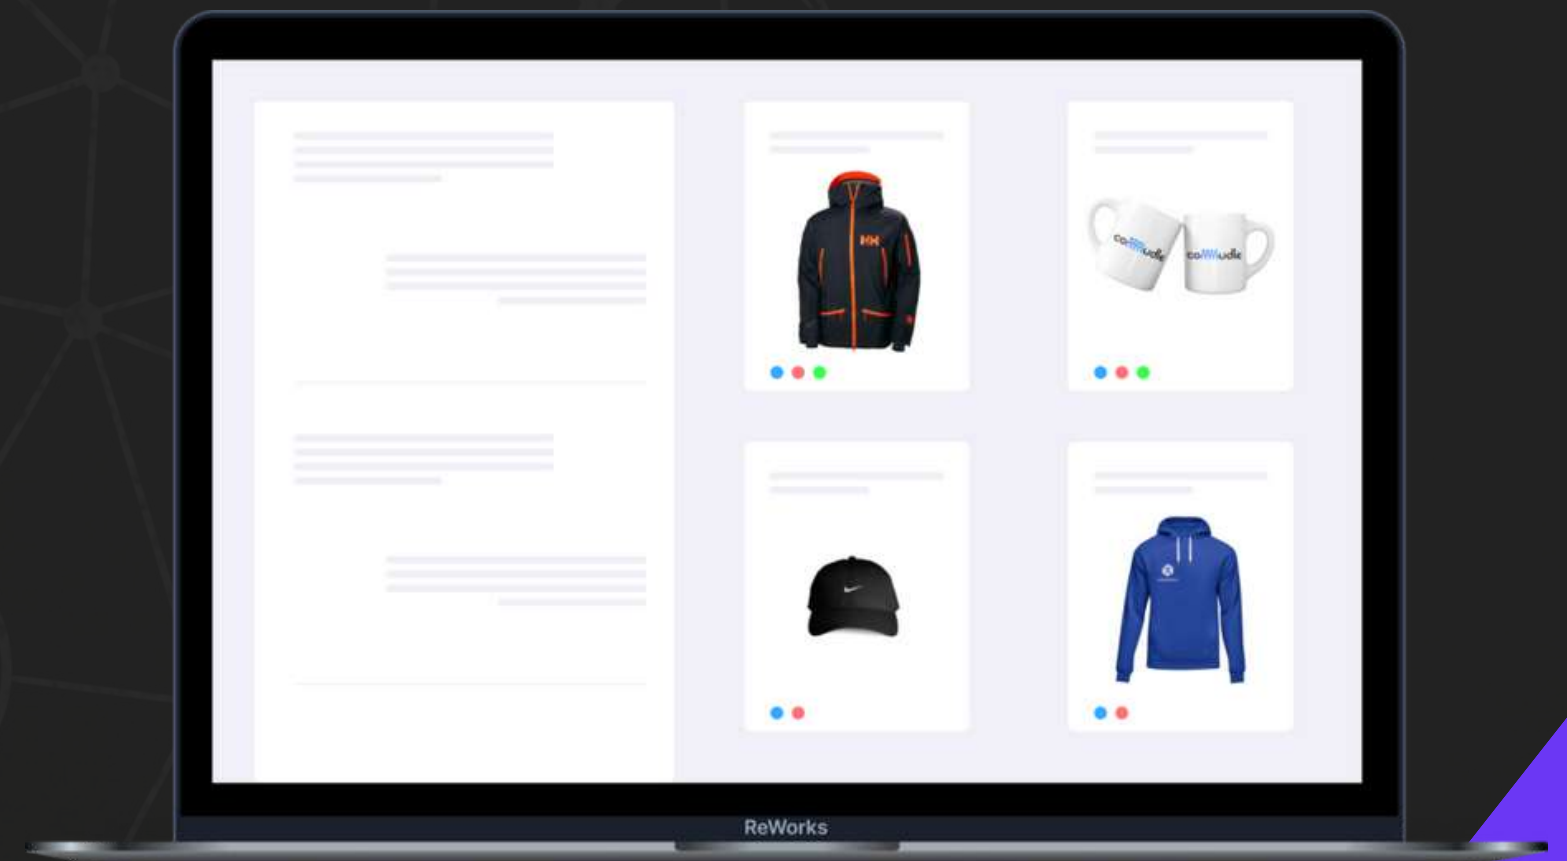

# Internal Swag Stores

## Automate your team's requests for swag

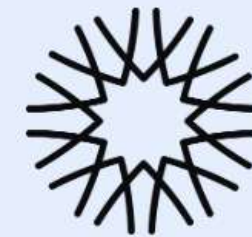

- Set up customizable web stores where users can request and send swag.
- Build pages where users can request swag and you can approve orders before they ship!
- Customize branded landing pages where users can select gifts.
- Save hours of time by automating swag requests.
